

YAUGHER NETWORK

Designed around the village of Forrest, these trails showcase the natural beauty of the Otway Ranges, passing through tall eucalypt forest, dry heathy scrub and magical fern gullies.

The trails have been built with real mountain bikers in mind and offer experience for beginners, intermediate and hardcore dirt fanatics of all ages.

Begin your ride in town, at the Forrest Trailhead and be sure to check out the pump tracks, skills park and jumps line there to practice your skills before hitting the trails.
